24/7 MONITORING, WHOLE SITE

## Your site, watched around the clock.

Copper, tools, lumber, and equipment walk off Houston jobsites every night. A visible Lonestar tower changes that. Dual 4K cameras see the whole site, plain-English alerts hit your phone, and trained agents can warn intruders and call it in.

- ✓ Delivered and deployed by our team, live the same day
- ✓ No power, internet, or trenching required
- ✓ Monthly lease, flexible for any project length
- ✓ One flat monitoring rate covers every tower on site
