

DELIVERED. DEPLOYED. MONITORED.

Eyes on your site. 24/7.

A self-contained security trailer with dual 4K cameras on a 12-foot mast, a motion-activated floodlight and siren, solar power with battery backup, and built-in LTE. We tow it to your site and bring it online. Nothing to plug in.

**Delivered & deployed**

Our team places the tower, raises the mast, and brings it online. No electricians, no trenching, no permits for wiring.

**Solar + LTE. Zero hookups.**

Runs on sunlight with battery backup for nights and cloudy stretches. Built-in LTE means no internet on site is required.

**4K video & smart alerts**

360° panoramic 4K, recorded events, and plain-English alerts like "a person is on a ladder near the garage door."

SIMPLE PRICING

Two numbers. No surprises.

 Solar powered

 Battery backup

 Built-in LTE or Wi-Fi

 Motion-activated floodlight

 Siren & two-way talk

 Recorded motion events

 Descriptive smart alerts

 Optional 24/7 monitoring

How it works

1 Book a consultation

Pick a time online. We'll talk through your site, how many towers you need, and where they should go.

2 We deliver & deploy

We tow the tower in, level it, raise the mast, and bring the cameras online. Typically live the same day it arrives.

3 Watch, get alerts, relax

Live view and alerts on your phone. Add monitoring and trained agents watch the site around the clock.

Who we protect

 Construction sites

 Equipment & storage yards

 Dealerships & parking lots

 Events & festivals

 Vacant & rental properties

 Retail & commercial centers

Common questions

Do I need power or internet on site?

No. Solar power, battery backup, and built-in LTE mean the tower works on raw sites with no utilities.

How fast can you deploy?

Most Greater Houston deployments can be scheduled within days of signing.

How long is the lease?

Leases are monthly and flexible. Cover a two-month project or a year-long build.

Can I watch the cameras myself?

Yes. Live view, recordings, and alerts on your phone or laptop, and you can share access with your team.
